Summary of Benefits and Coverage

Please Note: We have capitalized certain terms that have specific, detailed meanings, which are important to help you understand your Policy. Please review the meaning of the capitalized terms in the Definitions section.

Eligibility

All degree-seeking U.S. citizens and permanent resident students, regardless of credit hours, are required to purchase the Colorado School of Mines Student Insurance Plan. All International Students (F and J visas), regardless of degree-seeking status, must purchase the Student Health Insurance Plan unless they meet specific requirements to waive.

A student must actively attend classes for at least the first 31 days of classes for the term for which coverage is purchased unless he or she withdraws from classes due to an Injury or Sickness and the absence is an approved medical leave. Home study, correspondence, Internet classes and television (TV) courses do not fulfill the eligibility requirements that the student must actively attend classes. The Company maintains its right to investigate student status and attendance records to verify that the eligibility requirements have been met. If the Company discovers the eligibility requirements have not been met, its only obligation is refund of premium.

A newborn child will automatically be covered for the first 31 days following the child's birth. No extension of coverage is allowed after the first 31 days of birth.

Qualifying Event: Eligible students who have a change in status and lose coverage under another Health Care Plan are eligible to enroll for coverage under the Policy provided. Within 31 days of the qualifying event, students should send a copy of the Certificate of Creditable Coverage, the completed Qualifying Events Form and the letter of ineligibility to Academic HealthPlans. A change in status due to a qualifying event includes, but is not limited to, loss of family member's plan: You may qualify if you turn 26 and can no longer be on a parent's plan, or lose health coverage through a spouse due to a divorce, legal separation, or through the death of a family member. The premium will be the same as it would have been at the beginning of the semester. However, the effective date will be the later of the date the student enrolls for coverage under the Policy and pays the required premium, or the day after the prior coverage ends. You may download a form from mines.myahpcare.com. You are entitled to the benefits described in this brochure, if you have enrolled for this insurance and paid the premium.

Effective and Termination Dates

The Policy on file at the school becomes effective at 12:01 a.m. standard time at the School's address on the later of the following dates:

- The date the Policy terminates for all insured persons; or

You must meet the eligibility requirements listed herein each time you pay a premium to continue insurance coverage.

Refunds of premium are allowed only upon entry into the Armed Forces, and the Company receives proof of active duty.

The Policy issued to the School is a Non-Renewable, One-Year Term Policy. However, if you still maintain the required eligibility you may purchase the plan the next year. It is the Covered Person's responsibility to enroll for coverage each year in order to maintain continuity of coverage. If you no longer meet the eligibility requirements contact Academic HealthPlans at 1-855-517-8460 prior to your termination date.

Coverage Period Notice

Coverage Periods are established by the School and subject to change from one Policy Year to the next. In the event that a coverage period overlaps, the prior coverage period will terminate as of the effective date of the new coverage period. In no case will an eligible member be covered under two coverage periods within the same group.

*The coverage periods are effective and will be effective and terminate at 12:01am on the dates advertised. These rates include an administrative fee.

Extension of Benefits

The coverage provided under the plan ceases on the termination date. However, if a Covered Person is Hospital Confined on the termination date for a covered Injury or Sickness for which benefits were paid before the termination date, the Covered Expenses for such covered Injury or Sickness will continue to be paid provided the condition continues, but not to exceed 90 days after the termination date.

The total payments made in respect of the Covered Person for such condition both before and after the termination date will never exceed the maximum benefit. After this "Extension of Benefits" provision has been exhausted, all benefits cease to exist, and under no circumstances will further payments be made.

Coordination of Benefits

Under a Coordination of Benefits (COB) provision, the plan that pays first is called the Primary Plan. The Secondary Plan typically makes up the difference between the Primary Plan's benefit and the Covered Expenses. When one plan does not have a COB provision, that plan is always considered Primary, and always pays first. You may still be responsible for applicable Deductible amounts, Copayments and Coinsurance.

Pre-Certification Process

You must adhere to the Pre-certification process. Failure to comply with the Pre-certification requirements may result in a Pre-certification penalty. You are responsible for notifying the claims administrator at the phone number found on your ID card to begin the Pre-certification process. For inpatient benefits or surgery, the call must be made at least 5 working days before Hospital Confinement or surgery.

The following inpatient benefits require Pre-certification:

1. All inpatient admissions to a Hospital, Skilled Nursing Facility, facility established primarily for the Treatment of Substance Use Disorder, or residential Treatment facility. The expected length of stay should be included in the notification.
2. All inpatient maternity care after the initial 48/96 hours.

Pre-certification is not required for Medical Emergency or Urgent Care; Hospital Confinement for maternity care; or Obstetric or gynecological care when provided by a Network Provider; or Outpatient treatment

Pre-certification does not guarantee that Benefits will be paid. Your Physician will be notified of Our decision.

Failure by the claims administrator to make a determination within the time periods stated in the policy will be deemed an Adverse Determination subject to an appeal.

The Insured Person should contact his or her Physician with question about any Precertification status.

Student Health Services

Eligibility to be treated in the Student Health Center and the Dental Clinic on campus is determined by payment of the Health Services Fee, a mandatory fee assessed to students taking 4 or more credit hours.

The type of insurance carried by the student is not a determining factor.

Schedule of Medical Expense Benefits (*Injury and Sickness*)

Summary of Benefits and Coverage

The Affordable Care Act requires all health insurers to provide consumers with a **Summary of Benefits and Coverage (SBC)**. The SBC is a description of the benefits and health coverage offered by a particular health plan. The SBC is intended to provide clear, consistent descriptions that may make it easier for people to understand their health insurance coverage.

The items in the SBC just represent an overview of coverage; they are not an exhaustive list of what is covered or excluded. The full terms of coverage are located in your insurance Policy. To obtain an SBC for your Policy, please go to mines.myahpcare.com.
